## FOREWORD

+

The Diocese of Olympia omitted the publication of the Convention Journals of 1932 and 1933 for financial reasons.

Realizing, however, that the records were thereby rendered unavailable, it was decided to publish this copy of the Proceedings of the Annual Conventions of 1932, 1933 and 1934 and the Special Convention of 1933, in greatly condensed form, together with the statistical tables for those years and such reports as are valuable as vital statistics or from the viewpoint of historical record.

Those reports which are referred to but not published are on file in the Bishop's Office, and are open to inspection at any time.

I know I am expressing the genuine regret of this Convention and of the Diocese as a whole over the removal to the Diocese of Los Angeles, of Canon and Mrs. Smith. Not that we regret their going to Los Angeles, but their departure from the Diocese of Olympia. We venture to express the hope that a successor will be secured who will measure up to the reasonable expectations of a congregation that has been served so faithfully and well.

\* \* \*

The year, quite naturally under the circumstances, has not been marked by much in the way of building projects. The largest of these, of course, was the completion of the present unit of the Cathedral which was thrown open for its services on Easter morning when I had the rather unusual experience of preaching to a congregation that numbered close to two thousand. Subsequently, the new edifice was dedicated in a service fitting to the great occasion, and on the following Sunday the children of the diocese to the number of several hundred presented their annual Lenten Offering for Missions and were addressed by Bishops Rowe, Wells, Cross and by Bishop Schofield of Victoria, B. C. We trust that this annual service may be one of many which will serve to unite us as we need to be united in a common devotion to the world-wide missionary enterprise of our beloved Church.

\* \* \*

Completion of the renovation of the buildings at the Children's Educational Foundation made it possible for us to dedicate them on

Sunday, May 3. A report of this new work will be made together with that of other activities and institutions, tonight. I mention it here because of its inauguration during the past year. You will, I feel sure, have every reason to rejoice over the good work which this Foundation sponsors, the devoted service which has already gone into it, and the response which it is receiving from all over the diocese.

\* \* \*

On December third it was my privilege and joy to participate in a reception given by St. Mark's Parish, Tacoma, in honor of our beloved friend Bishop Wells on the occasion of his ninetieth birthday. I would recommend that this Convention send its affectionate greetings to him and convey to him our gratitude to God for his long life of faithful service to the Church here in the Northwest.

\* \* \*

On Sunday morning, December sixth, immediately following the morning service, St. Luke's Church, Vancouver, the oldest church edifice in the Diocese, was completely destroyed by fire. I am sure the people of the diocese sympathize with the rector, vestry and congregation of St. Luke's in their loss of this fine old landmark of the Church, the spire of which had been visible along the Columbia River for sixty years.

At the last Convention we reported the loss by fire of possibly the oldest church edifice, belonging to certainly the oldest congregation of church people in the diocese, viz: St. Luke's, Vancouver. Today we report its replacement by a new church on a new site more conveniently located for the members of the congregation and children of the Church School. This new church was dedicated by me on the Third Sunday in Advent.

\* \* \* \* \*

Epiphany Parish, Seattle, owing to the constant pressure for room through the continued growth of its Church School, has constructed a large room for this and other uses—the whole constituting a very substantial addition to its parish equipment.

\* \* \* \* \*

It is with the deepest regret that I am compelled to report the closing of two institutions during the past year—the Seamen's Church Institute of Tacoma, and Lindley Hall in connection with the University of Washington.

\* \* \* \* \*

Attention needs to be called to the fact that we now have nineteen or twenty parishes and missions in this diocese carrying indebtedness on building programs which aggregates about \$300,000.00, constituting a per capita indebtedness for every communicant in the diocese of nearly \$35.00. These debts vary in size from \$600.00 to

\$200,000.00—or a parochial per capita of from \$4.45 to something in excess of \$130.00.

\* \* \* \* \*

Moreover, it is needless to remark that these loans are having no little effect upon the missionary cause as it obtains in the Diocese of Olympia. How often do we hear it said somewhat on this wise: "My dear Bishop—we are sorry,—but we have builded unto ourselves a new church, or (it mayhap) a new parish house, or a new rectory, and therefore we cannot pay our missionary apportionment." The fitting reply to which is, that such action is a denial of the main purpose for which the Church exists. In fact, I am willing to set it down unequivocally that any parish or mission—debts or no debts—which is doing nothing, or next to nothing, for the cause of missions is not conducting itself as a Christian institution—and in so saying I am convinced beyond peradventure of a doubt that the Founder of the Church would concur. This pernicious philosophy which maintains that we cannot do anything for the other fellow until we have done everything that is to be done for ourselves is the classic illustration and exemplification of that spiritual law embodied in Jesus' own words, "Whosoever will save his life shall lose it."

## REPORT OF THE TREASURER OF THE DIOCESE OF OLYMPIA, INCORPORATED

The Treasurer of the Diocese of Olympia, Inc., has in his care the following funds:

Episcopal Endowment Fund.  
 Bishop's House Fund.  
 Diocesan Emergency Fund.  
 St. Andrew's Church Fund, Tacoma.  
 St. Andrew's Building Fund, Tacoma.  
 St. Andrew's Mission, Orilla.  
 Deaf Mute Fund.  
 Bishop Keator Scholarship Fund.  
 All Saints' Mission, Larchmont Fund.

I have placed on file with the Secretary a detailed statement of all of these Funds, together with the Certificate of Audit from Messrs. Lester, Herrick & Herrick, Certified Public Accountants, and would like to discuss briefly the Endowment Fund and the Bishop's House Fund. The other funds, with the exception of the St. Andrew's Church of Tacoma, in which there are total investments and cash of a book value of \$16,533.43, and the Diocesan Emergency Fund, in which the total investments and cash amount to \$3,794.19, are small funds, whose capital account runs from a few dollars up to around \$600 or \$700 at the most, and I will not take your time today to go into detail regarding them.

The Episcopal Endowment Fund is the Fund, as you all know, out of which income a substantial portion of the Bishop's salary is paid. Last year the income from the investments in this fund amounted to \$3,043.22. There was remitted to us by the Diocesan Council to supplement the fund on account of the Bishop's salary, \$1,855.00. There was a surplus of income carried over from the previous year of \$98.44, making a total income amount available for disbursement during the year of \$4,996.66. The disbursements made were as follows:

On account of the salary of the Bishop.....	\$5,000.00
Premium on the Treasurer's surety bond.....	15.00
In U. S. Government tax on checks.....	.26

leaving the income account overdrawn on January 15, when we closed our books, to the extent of \$18.60. In addition to that, you will note Capital investments in this fund consist of:

Bonds, book value.....	\$40,183.85
Real Estate, book value.....	1,000.00
First Mortgages on real estate, book value.....	16,302.50
Principal cash on hand as of January 15.....	500.47

In addition to this, there are total unpaid pledges of various parishes still carried on the books, of \$2,869.14. None of these parishes have paid any interest on their pledges during the past year, and

this asset item can be considered as of little present value, though we hope, of course, that it will be ultimately good.

The income on the account, based on present investments, should be \$3,051.78 for the coming year; a slight increase of around \$8.00 over the year before. With conditions as they are, however, and, in reality, getting somewhat worse from the standpoint of debtors being unable to pay and no apparent betterment in sight for some months, it is reasonable to suppose that we may suffer some decline in this estimated income during the year.

The Bishop's House Fund has given the Finance Committee and the Treasurer a great deal of concern. This is almost entirely due to the fact that the various parishes have not been able during the past year to pay their allotment. This has resulted in our inability to make the payment which was due November 1 on the First Mortgage of \$250; and to pay the interest on the Second Mortgage, due November 1, in the amount of \$75.00.

A report of income shows that on January 15 there was overdue first mortgage interest of \$75, unpaid at that time. This has since been paid. The plan under which the house was purchased for the Bishop provided that his former house allowance of \$100 a month be paid by the Council to the Treasurer to be applied on the service of the first and second mortgages on the house. This was to be supplemented by the net earnings from investments in the Bishop's House Fund, which last year amounted to \$247.50, and should be the same amount during the coming year.

The capital investment on our books in the Bishop's House Fund as of January 15, was as follows:

Notes .....\$1,471.91

These are loans made some years ago to various parishes, and to which I think little value can be attached.

Bonds .....\$4,579.50

upon which there has been no default to date in interest, and upon which we expect none during the coming year; and

Real Estate, book value.....\$5,191.30

This consists of the two lots on Yakima Avenue in Tacoma.

The proper charges against the fund for the past year were:

Interest due on the first mortgage.....	\$ 557.38
Interest due on the second mortgage.....	150.00
Principal due on the first mortgage.....	500.00
Taxes on the Tacoma lots.....	96.42
Assessment on the Tacoma lots.....	34.02
Insurance on the Bishop's house.....	77.00
Repairs on the house.....	4.87

Total.....\$1,419.69

**Income**

From Investments .....\$247.50

Diocesan Deposits ..... 905.00

Leaving us short of covering the charges by \$267.19.

This would have been covered by a slight margin had we received during the year the full \$1,200 from the allotments as was anticipated.

Respectfully submitted,

G. C. MORRILL,

Treasurer, Diocese of Olympia, Inc.

(Audited by Lester, Herrick &amp; Herrick, Public Accountants.)

REPORT OF THE TREASURER OF THE DIOCESE OF  
OLYMPIA, INCORPORATED

The Treasurer of the Diocese of Olympia, Inc., has in his care the following funds:

Episcopal Endowment Fund.  
 Bishop's House Fund.  
 Diocesan Emergency Fund.  
 St. Andrew's Church Fund, Tacoma.  
 St. Andrew's Building Fund, Tacoma.  
 St. Andrew's Mission, Orilla.  
 Deaf Mute Fund.  
 Bishop Keator Scholarship Fund.  
 All Saints' Mission, Larchmont Fund.

I have placed on file with the Secretary a detailed statement of all of these funds, together with the Certificate of Audit from Messrs. Lester, Herrick & Herrick, Certified Public Accountants, and would like to discuss briefly the Endowment Fund and the Bishop's House Fund. The other funds, with the exception of the St. Andrew's Church of Tacoma, in which there are total investments and cash of a book value of \$16,933.43, and the Diocesan Emergency Fund, in which the total investments and cash amount to \$3,932.81; and, also, the Bishop's House Fund, which will be referred to later in this report, are small funds, whose capital account runs from a few dollars up to around \$600 or \$700 at the most, and I will not take your time today to go into detail regarding them.

The Episcopal Endowment Fund is the fund, as you all know, out of whose income a substantial portion of the Bishop's salary is

paid. In the year just closed the income from investments in this fund amounted to \$2,798.23. There was remitted the sum of \$2,000.00 by the Diocesan Council to supplement the fund on account of the Bishop's salary. For several months this year, due to the almost impossible task of collecting the assessments from the Parishes, it began to look as if the Bishop's office would not be able to take care of any substantial portion of the Bishop's compensation. Fortunately, however, in the past 90 days, due to splendid work on the part of some of the Parishes, collections have improved, and we can at least report that the salary has been paid in full for this year.

On the closing date of January 15, we had in the Endowment Fund bonds of a book value of \$40,641.84; mortgages of a book value of \$15,483.34. The only delinquency on our mortgages, amounting in \$25.62 interest, has been paid since the closing date.

You will recall that last year the Convention gave the Finance Committee of the Diocese the authority in the case of the Bishop's House Fund to use a portion of the principal, up to an amount equal to the taxes and assessments paid on the Tacoma lots, for the purpose of servicing the loan on the Bishop's house in Seattle; this being necessary due to the inability of the various Parishes to pay their assessments, from which the \$100 a month contribution to the House Fund had heretofore come. This was done, and, as a result, the interest on both the first and second mortgages on the Bishop's house was paid and the loans are in good standing except for principal payments, which we have not been able to make.

The House Fund today consists of \$1,471.91 in Parish notes of long standing, which can be regarded as uncollectible; book value of bonds of \$3,579.50; and an equity in the Bishop's house with a book value of \$5,441.30. The fund owns, in addition, the two lots on Yakima Avenue in Tacoma, for which no buyer has been found to date. It is hoped that the Parishes will be able to pay assessments this year to an extent that the regular payments of \$100 a month to the Treasurer can be resumed from the Diocesan Council so that we may again make the principal payment on the first mortgage; the November payment on which is past due, and for which we will be called upon again in May and November of this year.

The St. Andrew's Church Fund in Tacoma, which is a trust fund for that church, has a total capital investment at this time of \$16,933.43; \$15,869.19 being represented by book value of bonds; \$1,064.24 in cash; the largest part of which will be invested directly. Earnings from this fund last year were \$850.59. \$700.00 was remitted during the year to the Mission.

Respectfully submitted,

G. C. MORRILL,  
Treasurer, Diocese of Olympia, Inc.
